Retail Profit Improvement Training

Our service commitment to you...

Pre-Course Assessment

- We will undertake a thorough assessment of your business to decipher your specific needs & requirements.
- This will enable us to tailor the course to your business based on these findings.

Training Course

- We will provide a comprehensive profit training course to your chosen delegates.
- This will enable your business to gain an in-depth understanding of loss prevention & acquire knowledge for progressive profit improvement.

Post-Training Assessment

- We will undertake thorough post-training assessment of your business at intervals of 1, 3, 6 & 12 months.
- This will establish a stronger partnership between trainer & delegate(s) in addition to your management being able to view the intermediate beneficial contributions the training will have on your business.

Post-Training Consultancy

- We will provide a professional consultancy service to your business; this will take various forms- visiting your premises, phone & email communications.
- This will enable your business to achieve long term benefits by receiving ongoing professional support.
